Our mission is to
develop students who:

- a. understand the value of education, and the need for lifelong learning
- b. make connections across the disciplines
- c. apply their understandings to real-world contexts as practitioners and apprentices
- d. exhibit creative and critical thinking, make suppositions, question viewpoints, and search for patterns
- e. adapt to a changing technological world
- f. practice physical, mental, emotional, and social wellness
- g. demonstrate character through caring, honesty, trust, appreciation of differences, and family
- h. conduct themselves safely, respectfully, and responsibly
- i. set goals, explore professional directions, and demonstrate perseverance

The resulting vision is the empowerment of competent and confident visionaries, decision makers, and catalysts of positive change.

Dear Betty,
Thank you for donating the 6 ipads. I am starting to set them up with internet and educational apps for my students. My students are very excited. We will be using the ipads in our small group learning lab.

Sincerely,
Audrey
